

Are you interested in Design, Technology and Art? Do you enjoy watching home/renovation shows on television? Do you love making things, or are creative and artistic?

Then come to the woodwork room and learn to use some tools, a whole range of different materials, a portable drill and different finishing techniques to make a range of items that look great and are fun and challenging to make and reflect current trends in the home. Classes will be every Wednesday after school, in the Technology room.
