

Dromana College is acknowledged as an excellent educational facility within a caring school environment. We are committed to providing an inclusive and sustainable learning culture in which all our students develop the skills and personal qualities necessary to participate positively and confidently in a changing global community.

Our ability to tailor programs to meet the individual needs of students in achieving their personal best is underpinned by our pursuit of excellence in education and is reflected by our college values:

- Respect
- Responsibility
- Integrity
- Personal Best

In choosing to be part of the Dromana College community, students are committing to six years of secondary education and to demonstrating behaviours which are conducive to learning and reflect a commitment to the college values.

The subjects on offer encourage all students to do their best and are complemented by a diverse range of programs in music, dance, drama, photography, sport and many other co curricular activities.

Pastoral care encompasses all activities and develops strong relationships between staff and students that is nurtured in our sub-school structure and is evident in all we undertake. As a medium sized secondary school we are proud of our ability to strengthen the critical partnership between the teachers, parents and the student which is vital to a young person's success.

Quality teaching staff is the most important factor in any classroom. Dromana College has an excellent reputation for attracting and retaining motivated and committed staff. Our students have outstanding opportunities available to them and they are encouraged and expected to give of their very best in all of their college endeavours.

Thank you for choosing Dromana College, we look forward to working with you as together we empower your child to live an extraordinary life.
